Manager Internal Audit Europe & Americas

Title:
Manager Internal Audit Europe & Americas

Deadline:

Department:
Teijin Holding Europe BV

Category:
Overig

Location:
Arnhem

Do you thrive in a global environment where you can influence business performance, strengthen governance, and drive meaningful improvement?
Teijin Holdings Europe B.V. is seeking a ***Manager Internal Audit Europe & Americas*** *who can strengthen governance, enhance internal controls, and drive improvement across our international operations.*
In this **highvisibility** role, you lead audits across Europe and the Americas, shape Teijin's global audit approach, and deliver clear, actionable insights to senior leadership. You work closely with our Corporate Audit Department in Japan and executives throughout the Teijin Group. As regional audit lead, you report directly to Corporate Audit at Teijin's global headquarters while maintaining a strong partnership with the President of Teijin Holdings Europe.

Your Impact

•Lead internal audits across multiple countries and business entities
•Strengthen internal controls and identify performance improvement opportunities
•Evaluate financial reporting processes and advise on control frameworks
•Guide senior leaders on governance, compliance, and risk management
•Coordinate with external auditors and the Audit & Supervisory Committee
•Ensure consistency and quality across global audit activities
•Lead, coach, and develop the audit team
•Contribute to the evolution of Teijin's global audit function

What You Bring

Required

•10+ years of professional business experience
•Strong English communication skills
•Solid understanding of financial and management accounting
•Knowledge of operational processes in manufacturing and commercial environments
•Ability to collaborate effectively with senior international stakeholders

Preferred

•Experience in internal audit, internal controls, risk, or compliance
•Knowledge of corporate governance, regulations, IT controls, and information security
•Leadership experience
•Bachelor's degree or higher; CIA certification is a plus
•Experience in manufacturing, materials, or industrial sectors
•Experience with transformation or system implementation projects

Who You Are

A trusted, ethical professional with strong analytical skills and the ability to navigate complex environments. You communicate confidently, build strong relationships, and motivate teams to deliver highquality results.
You thrive in an international, multicultural setting.

What We Offer

•Attractive salary – This role is classified in Function Grade 18 (€ 7139, - to € 10708, - gross per month), based on your experience and education.
•A highly visible role with global reach
•Opportunities to work across diverse businesses and regions
•Deep insight into strategic, operational, and financial processes
•A key role in shaping Teijin's global audit capabilities
