Internal Auditor Europe & Americas

Title:
Internal Auditor Europe & Americas

Deadline:

Department:
Teijin Holding Europe BV

Category:
Overig

Location:
Arnhem

Do you enjoy understanding how businesses really work and spotting opportunities to make them better? Are you driven by integrity, curiosity, and a passion for governance, risk management, and compliance?
Teijin Holdings Europe B.V. is looking for ***two Internal Auditors Europe & Americas*** *who want to grow their career in a truly international environment.*
In this role, you will work across multiple countries, business units, and cultures — gaining broad exposure while helping strengthen Teijin's global internal audit function.

Your Role

As Internal Auditor Europe & Americas, you support and execute audits across Teijin Group companies in Europe and the Americas. You provide independent assurance, identify risks and improvement opportunities, and help strengthen governance, compliance, and internal controls. You report to the **Manager Internal Audit Europe & Americas** and collaborate with colleagues and stakeholders across the global Teijin Group.

What You Will Do

•Conduct internal audits in line with Teijin Group Internal Audit Regulations
•Assess internal controls and identify improvement opportunities
•Evaluate financial reporting controls and recommend enhancements
•Support business units in strengthening governance, compliance, and risk management
•Collaborate with the Audit & Supervisory Committee and external auditors
•Work closely with global internal audit teams and related functions
•Contribute to improving audit methodologies and best practices
•Build strong relationships across functions, cultures, and regions

What You Bring

Required

•Minimum 10 years of professional business experience
•Strong communication skills in English
•Ability to work independently and collaborate internationally
•Strong analytical and problemsolving skills

Preferred

•Bachelor's degree or higher
•Knowledge of manufacturing and commercial processes (procurement, production, logistics, sales)
•Understanding of governance, compliance, risk management, internal regulations, and IT/information security
•Basic knowledge of financial and management accounting
•Experience in global or crossborder environments
•Experience in internal audit, internal controls, risk, or compliance
•Experience with transformation or system implementation projects
•CIA or equivalent certification is an advantage
•Dutch language skills at business level

What Makes You Successful

You bring energy, curiosity, and a sharp analytical mindset. You love diving into how businesses operate and quickly spot what can be improved. You build trust with ease, communicate confidently across cultures, and stay objective even in complex situations. You handle sensitive information with professionalism, work independently without losing connection to the team, and thrive in a fastmoving international environment. Your drive to learn, grow, and make things better is exactly what makes you stand out at Teijin.

What We Offer

- Attractive salary – This role is classified in function grade 16 (€ 5213, - to € 7820, - gross per month), based on your experience and education.
- A challenging and visible role in a global organization
- Exposure to diverse businesses across Europe and the Americas
- Opportunities to build expertise in audit, governance, and risk
- A broad view of operations across multiple countries and cultures
- A chance to directly contribute to Teijin's longterm success
